Main Technical Parameters

Product Name	Innest UVC-LED Water Purifier
Input	100-260V, 50/60HZ
Output	DC:12/24V-2A
Power	5/10W
Water Pressure	0.1-0.4Mpa
Temperature	5-45°C
Switch	Water Flow Switch
Disinfection Waveband	UVC 260-280NM
Water Flow Rate	1.0-3.0L/min
Water Quality	Refer to the second part of "Disinfection Technical Specifications" (Ministry of Health 2002 Edition)Min-2.1.4.1

Hazardous Substance Declaration

In order to meet the laws and regulations related to the restriction of hazardous substances in electrical and electronic products in China.

After detailed internal investigation, our company is classified by parts as follows.

Innest UVC-LED Water Purifier

Part Name	Harmful Materials					
	铅(Pb)	汞(Hg)	镉(Cd)	六价铬 (Cr(VI))	多溴联苯 (PBB)	多溴二苯醚 (PBDE)
Rubber Seal	○	○	○	○	○	○
Computer Components	×	○	×	○	○	○
Other metal structural parts	○	○	○	○	○	○
Power Adapter	×	○	○	○	○	○
Plastic parts	○	○	○	○	○	○
Wire	○	○	○	○	○	○

This form is compiled in accordance with the regulations of SJ/T11364. Some types of products may not contain some parts in the table. Electric control board group include components, PCB, terminal blocks etc.

Remark:

O: Indicates that the content of the hazardous in all homogeneous materials of the part is within the limit specified in GB/T26572.

X: Indicates that the hazardous in a certain homogeneous material of the part exceeds the GB/T26572 regulation limit.

The number in the circle indicates the environmental protection use period of the product under normal use
